Re: Notice of Ex Parte Meeting
WP Docket No. 16-261
RM-11719
RM-11722

Dear Ms. Dortch:

On Wednesday, October 3, 2018, the undersigned on behalf of The Monitoring Association (formerly CSAA) and the related Alarm Industry Communications Committee ("AICC")(collectively "TMA"), had a telephone conversation with Scot Stone of the Wireless Telecommunications Bureau. During the call, the parties discussed the draft order in WP Docket No. 16-261 and related proceedings that will be considered at the upcoming Commission meeting. TMA addressed the alarm industry's concerns regarding the proposed rule changes and coordination protocol for the central station frequencies; the Commission's tentative decision not to adopt the consensus proposal attached to the May 8, 2017 ex parte filing submitted by TMA and the Land Mobile Communications Council (LMCC); and TMA's continuing concerns about eliminating eligibility requirements for the Group D Low Power Pool channels that are used for life safety communications from protected alarm premises.

Consistent with section 1.1206 of the Commission's rules, 47 C.F.R. §1.1206, one copy of this notice is being filed electronically and in native format in the above-captioned proceeding. Please direct any questions concerning the above matter to the undersigned at (202) 828-5540.

Sincerely,

/s/

John A. Prendergast
